CANADA'S HISTORIC PLACES

Federal, Provincial and Territorial governments recognize the contributions historic places make to Canadian communities. Together, these governments have developed two core heritage conservation tools: the Canadian Register of Historic Places (CRHP) – Canada's definitive source of information on historic places, and the *Standards and Guidelines for the Conservation of Historic Places in Canada* – a benchmark guide for the conservation of historic resources. Stay informed about your historic places: subscribe to our [CRHP Newsletter](#), join us on [Facebook](#) and follow us on [Twitter](#).
