HERITAGE CANADA FOUNDATION
40th Anniversary Conference

Conference Program

Ottawa, Ontario,
October 31 – November 2, 2013
Fairmont Château Laurier Hotel
Greetings from the Chair and Executive Director

Hello, Bonjour!

It is our pleasure to welcome you to the Heritage Canada Foundation’s (HCF) 40th Anniversary conference – Regeneration: Heritage Leads the Way. HCF’s annual national conference has grown to be the place where the full spectrum of Canada’s heritage conservation community – volunteers, professionals, academics, administrators, industry – gathers to get connected and have thought-provoking conversations that change the way participants think and work.

HCF’s 40th Anniversary conference will be our largest and most dynamic gathering yet. We’re offering international keynotes at the cutting edge of heritage thought and practice, incisive workshops from heritage eco-districts to fundraising, and learning sessions that explore such burning topics as aboriginal cultural landscapes, intensification, incentives for heritage development, and the social purpose of heritage. What’s more, you have the opportunity to get behind the scenes of official Ottawa with a spectacular opening reception at the Delegation of the Ismaili Imamat, tours of the West Block rehabilitation on Parliament Hill and the city’s hidden mid-century modern gems.

We are delighted to be able to present this conference in association with the Canadian Association of Heritage Professionals, celebrating their 25th anniversary this year.

HCF’s 40th Anniversary Conference is presented in association with the Canadian Association of Heritage Professionals (CAHP | ACECP)

8:30am – 3:00pm
What Makes Existing Buildings Green? An Interdisciplinary Student & Professional Symposium
The Pit, Architecture Building, Carleton University (1125 Colonel By Dr., Ottawa, ON)

Symposium Organizers:
Carleton University – School of Architecture, School of Canadian Studies, Department of Art History,
Department of Civil and Environmental Engineering and the Heritage Canada Foundation

Keynote Speaker: Jean Carroon (Principal, Goody Clancy, Boston, USA)
Join students and professionals from across Canada in discussing one of the greatest challenges of the new century - capitalizing on the value of existing buildings. This symposium is intended to stimulate discussion between students and professionals from various disciplines related to sustainability, architecture, engineering, and heritage practice in a collaborative environment. The key goals are:
• Understand how the conservation of heritage buildings aligns with sustainable practice;
• Consider the environmental impact of creating and conserving durable buildings over creating new “efficient” buildings; and
• Understand the various sustainable practices and modern building technology that can be applied to heritage buildings and gauge their effectiveness.

Generous support provided by: Carleton University Faculty of Arts and Social Sciences, Dept. of Civil and Environmental Engineering, and Azrieli School of Architecture

Strategies for Fundraising: Sustaining Heritage, Museums and Arts & Culture Organizations (Day 2 of 2)
Bytown Museum, 1 Canal Lane

8:30am – 12:00 noon
Walking and Bus Tours
Walking and bus tours depart from the Main Lobby of the Fairmont Chateau Laurier. Please wear appropriate clothing and footwear for tours.
8:30am – 3:00pm
The first Main Street pilot community in Canada, Perth is a small town with a national vision. Located on the Tay River in Eastern Ontario, Perth’s downtown is widely recognized as a gem in the architectural landscape of Ontario. Like many other small communities, it has struggled to sustain its continued economic vitality. In the early 1980’s, with HCF’s guidance, Perth charted a path whereby businesses and residents could revive their downtown character. The Main Street Pilot Project became the catalyst for a national movement in Canada that has impacted hundreds of communities across the country. After 33 years, how has Perth fared? Following lunch, join representatives from Algonquin College’s heritage masonry and carpentry programs to tour this groundbreaking facility, the first of its kind in Canada. Tour the workshops and see how traditional skills are being passed on to a new generation.
Cost: $15, includes bag lunch. (Leader: Karen Rennie, Heritage Tourism, Manager/Curator, Town of Perth).
Generous support provided by: Algonquin College, Perth Campus.

9:00am – 11:00am
Byward Market and Lowertown: Managing Heritage and Development Pressures (Walking Tour)
Designated as Heritage Conservation Districts in the early 1990s, the Byward Market and Lowertown West are under renewed pressure from large-scale residential development. (Leaders: Sally Coutts (Heritage Coordinator, Planning and Growth Management, City of Ottawa) & Lesley Collins (Heritage Planner, City of Ottawa))

9:00am – 11:30am
Beaux-Arts Ottawa (Walking Tour)
Along this tour of Confederation Square, Sparks Street and Wellington Street are twelve of Ottawa’s most important Beaux-Arts buildings designed by leading Canadian and American architects between 1900 and 1940. (Leader: David Jeanes, Heritage Ottawa)

9:30am – 11:30am
Historic Gatineau’s Ruisseau de la Brasserie (Walking Tour)
Visit the industrial heritage of the former City of Hull, in Gatineau, including the E.B. Eddy buildings, the historical monument of Hull’s founder Philemon Wright, and the unique “Village d’Argentine” where many heritage houses are located. Come to discover this very rich and wonderful historical district of the National Capital Area. (Leader: Michel Prévost, University of Ottawa Chief Archivist and President of the Société d’histoire de l’Outaouais)

9:30am – 2:00pm
Historic Rockcliffe Park & Swedish Ambassador’s Residence (Bus Tour)
On the occasion of the 100th anniversary of the Swedish ambassador’s residence in Rockcliffe Park, the Swedish Embassy has organized a guided bus tour of Rockcliffe Park followed by a reception at the Swedish residence.
One of Canada’s most historic and attractive residential communities, Rockcliffe Park’s beauty lies in its superb setting on the banks of the Ottawa River, its closeness to the nature and its varied style of houses. Out of the 800 private dwellings nearly 100 are diplomatic residences. The focus of the tour will be leading Canadian architect Allan Keefer who designed the Swedish Ambassador’s Residence in 1913 as well as a dozen prominent
Regeneration: Heritage Leads the Way

homes in Rockcliffe Park. The last stop of the guided tour will be at the Swedish residence, a beautiful redbrick house where the Swedish ambassador will offer a lunch buffet. There will also be a chance to learn about Swedish heritage conservation initiatives. Välkommen!

(Leader: Martha Edmond, historian and author of “Rockcliffe Park: A History of the Village”)

(Presented by the Council of Heritage Organizations in Ottawa (CHOO I COPO) and the Embassy of Sweden)

11:00am – 3:00pm
Ottawa’s Mid-Century Modern (Bus Tour)
Presented by Heritage Ottawa.

Do you want to experience Ottawa’s Post-war era? Come and enjoy a day visiting Ottawa’s important modern buildings. Ottawa entered the Cold War era in dramatic fashion with the Gouzenko Affair and remained on the international stage for the next 20 years. Architecturally, the new era was felt immediately by a young generation of eager and well-educated civil servants interested in showing a fresh face for a government town. Urban renewal, suburban expansion, skyscrapers – a new vision for a new city! We will visit both public institutions and private homes dating from the 1940s to the 1960s.

(Leader: Andrew Waldron, Parks Canada)

Cost: $15, includes bag lunch.

11:45am – 3:15pm
Heritage Eco-Districts and the Chaudière (Walking Tour & Workshop)
Location: Chaudière Island, Booth Street, SW of the Bridge (Hydro Ottawa “Central Labs Conference Room)
Leader: Mark Brandt, Senior Conservation Architect & Urbanist, MTBA & Associates Inc., Ottawa, ON

Speakers:
• Chris Henderson (President, Lumos Energy & Author “Aboriginal Power”)
• Rodney Wilts (Partner, Windmill Developments & BuildGreen Solutions)

How can our built heritage assets be cornerstones of overall strategy for urban revitalization? How can communities use conservation of cultural and natural attributes to aid in enhancing economics and “spirit of place,” while realizing adaptive reuse of derelict heritage properties? Using illustrated presentations, site tours and interactive discussions, this workshop will show how the fusing of natural and cultural conservation can be applied to urban redevelopment. Case study of a 44-acre waterfront brownfield site, the Chaudière Heritage Eco-District – with both significant cultural and ecological values – and the plans for its heritage-and-sustainability-based regeneration, will be used to explore these questions, and this “very cool hidden gem – a National Treasure” in the Capital.

(Presented through the generous support of Hydro Ottawa)

Walking and Bus Tours
12:30pm – 3:00pm
Whose Hill? The Evolving Cultural Landscape of Parliament Hill, Balancing Precedent and Pressure for Change. (Walking Tour)
This tour will address the tradition of commemoration on Parliament Hill, Canada’s most iconic property. Who gets commemorated and what is the protocol? Has it changed over time, and what “belongs”? This tour will focus on some of the demands and pressures that have been brought to bear on the landscape since 1873, and asks the question: Whose Hill is it? (Leader: Fern Mackenzie, Senior Architectural and Landscape Historian, URS Canada Inc., Toronto)

1:00pm – 3:00pm
Byward Market and Lowertown: Managing Heritage and Development Pressures (Walking Tour)
Please see description in morning tours.

Opening Plenary
4:15pm – 6:00pm
Session 1:
Keynote - Heritage and Social Development
Aga Khan Trust for Culture Historic Cities Programme
Location: Delegation of the Ismaili Imamat (199 Sussex Dr.)
Speaker: Khalil Shariff, CEO, Aga Khan Foundation Canada
Over the past 20 years, this path-breaking programme has promoted the conservation and re-use of historic buildings and public spaces in historic cities in the Muslim World – from Kabul, Afghanistan, to Zanzibar’s Stone Town, and Azhar Park in Cairo, Egypt – as a catalyst to improving the quality of life of their inhabitants. The Trust believes the long-term sustainability of historic fabric is inseparable from the health of the living communities that inhabit it. The restoration of monuments and the re-use of historic buildings are integrated into broader economic and social initiatives that include micro-credit for business development, housing rehabilitation, employment-generation, and the improvement of small-scale infrastructure and open spaces.
The Delegation is an easy 15 minute walk from the Chateau Laurier. Two buses will be available to transport guests to the Opening Plenary from the hotel: 3:45pm and 4:00pm.

Opening Reception
6:00pm – 7:30pm
Location: Delegation of the Ismaili Imamat (199 Sussex Dr.)
The Opening Reception is included with conference registration. Additional tickets are available for guests.
The Delegation of the Ismaili Imamat was established by His Highness the Aga Khan, 49th hereditary Imam (spiritual leader) of the Shia Ismaili Muslims, and founder and chairman of the Aga Khan Development Network (AKDN). Designed by award-winning architect Fumihiko Maki, the building opened in December 2008. The design emerges from His Highness the Aga Khan’s belief that architecture is not simply about buildings, but about the quality of life of those that inhabit the built environment. The Delegation has received the Governor General’s Medal in Architecture (2012), and two awards from the Ontario Association of Architects: the Celebration of Excellence Award and People’s Choice Award (2010).

Session 2: Plenary - Welcome and Keynote
Ballroom (Simultaneous translation provided)

8:30am – 9:00am
Words of Welcome
9:00am – 10:00am
Keynote – Graham Fairclough
– New Heritage Frontiers: Heritage, Landscapes and Sustainability

Over the past two decades, Graham Fairclough’s work with English Heritage developing methods of historic landscape characterisation has placed him at the forefront of new landscape-informed and inclusive ways of ‘doing’ heritage. Fairclough has examined the relationship between heritage and land use planning, the integration of heritage with nature conservation and environmental protection, the interaction between heritage approaches and sustainability theory, and the wider social (and cultural) uses of heritage and heritage assets. He has worked with the Council of Europe on the European Landscape Convention, and on the Faro Convention on the Value of Cultural Heritage to Society. He is currently joint Editor of the British journal “Landscapes,” and a Visiting Fellow at Newcastle University (UK).

10:00am – 10:30am
Break & Poster Session
• Karen Maddox (Associate Professor, School of Nursing, Lakehead University) & Diana Pallen (Assistant Professor, Lakehead University) – Finnish Labour Temple and Finlandia Hall: A Century of Commitment. This poster will address the history and continuing presence of the Finlandia Hall, a unique, designated historical building in Thunder Bay, Ontario. Built in 1910, the Hall’s history reflects a commitment to social justice and a balance of respect for conservation. It continues to serve as a cultural meeting centre
• Louise Bédard (President, Old L’Orignal Prison Committee, ON) – De prison à musée.
• Marie-Lou Beauchamp (MA Art Conservation, Queen’s University, Kingston, ON) - Architectural Drawings: Challenges for Preservation. Architectural drawings are an essential tool to better understand space, to conserve and adapt the buildings and also, to retrieve projects that have been destroyed or abandoned. Many concerns about the conservation of architectural drawings are often related to the quality of the materials, storage, and handling. This poster presents key elements to better understand the deterioration problems related to these items and strategies for their preservation.

10:30am – 12:00 noon
Session 3: Plenary - Heritage Vision 2013 and National Heritage Action Plan
Ballroom (Simultaneous translation provided)

Building on the 2012 National Heritage Summit in Montreal, HCF Working Groups made up of volunteers have taken the lead drafting a Vision and National Heritage Action Plan for the future of heritage conservation in Canada. At this session, presentations of the draft plan will be combined with discussions on the way forward.
**12:00 noon – 1:30pm**
Lunch

**12:30pm – 1:15pm**
**Special Presentation**
Masonry Conservation of the West Block: Planning Canada’s Largest Conservation Project
MacDonald Room (Mezzanine Level)
Learn more about this extraordinary project on Parliament Hill. Representatives from the project’s prime consultants - Arcop Architecture Inc. and Fournier Gersovitz Moss Drolet et Associés Architectes (FGMDA) – will provide an overview of the ongoing West Block project.

A brief history of the evolution of the complex (1859-1965) will be followed by a discussion of how the consultant team arrived at the work plan for the restoration and rehabilitation of the exterior envelope (masonry, copper roofing and cresting). The positive impact of the Standards and Guidelines for the Conservation of Historic Places in Canada on the project development will be discussed. This special presentation will be of particular interest to those who are attending the West Block tours on Saturday – Masonry Conservation of the West Block: Up Close.

**1:30pm – 3:00pm**
**Session 4A: Adaptive Reuse of Institutional Complexes – CAHP Session**
MacDonald Room (Mezzanine Level)
This session will use the former Guelph Correctional Centre and The Guild Inn as case studies to explore heritage issues related to the rehabilitation and redevelopment of major parcels of public land containing historic structures and landscape elements. The session is designed to encourage discussion about issues, options and opportunities.
Moderator: **Ellen Kowalchuk** (Heritage Planning, Taylor Hazell Architects, Toronto)

- **Jeremy Warson** (Senior Project Manager, Infrastructure Ontario) – Guelph Correctional Centre
- **Jo Ann Pynn** (Cultural Heritage Assets, City of Toronto) – The Guild Inn

**Session 4B: Main Street Revitalization; A Local and Provincial Perspective (Demand and Economics Stream)**
**Ballroom** (Simultaneous translation provided)
A downtown commercial district is the most visible indicator of a community’s economic and social health. Its vitality and commercial success is an asset when recruiting new residents, enticing tourists, and stimulating new investment, businesses and industries. Reversing the long term effects of depopulation and service decline experienced by many smaller communities is what Main Street® is all about. Moderated by heritage conservation specialist and former vice-president of the Heritage Canada Foundation, François LeBlanc, this session will take an in-depth look at how Canadian communities can use the Main Street approach to achieve their revitalization goals.
Moderator: **François LeBlanc** (Conservation Architect, Ottawa)

- **Merinda Conley** (Principal, Community Design Strategies Inc., Calgary, AB) – Downtown Revitalization: Planning for Success
- **Jacques Régnier** (Executive Director, Fondation Rues principales, Quebec City, QC) – Développement durable et revitalisation : un lien indéniable!
- **Bruce Dawson** (Manager, Historic Places Program, Ministry of Parks, Culture and Sport, Govt. of Saskatchewan, Regina, SK) – Where Culture, Community and Commerce Meet: The Main Street Saskatchewan Demonstration Program

**Session 4C: Heritage, Sustainability, and Resilience: Responding to Natural Disasters (Sustainability Stream)**
**Renaissance Room (Mezzanine Level)**
Regeneration: Heritage Leads the Way

The June 2013 floods in southern Alberta had a devastating impact on historic resources. How have Calgary and Waterbury, Vermont shifted their heritage conservation strategies in light of these natural disasters? What are the larger questions posed by notions of architectural resilience?

Moderator: Susan Ross (Incoming Assistant Professor, Canadian Studies, Carleton University)

- Jean Carroon (Principal, Goody Clancy, Boston, MA) – Post-Flood Decisions on Whether to Rebuild in Waterbury, Vermont
- Darryl Cariou (Heritage Planner, City of Calgary, Calgary, AB) – Built Heritage and the 2013 Floods in Southern Alberta
- Sean Fraser (Director, Heritage Programs and Operations, Ontario Heritage Trust, Toronto, ON) – The Biodiversity of Tangible and Intangible Cultural Heritage.

Session 4D: Cutting-Edge Tools for Monitoring Architectural Heritage
Bytown Museum (1 Canal Lane)
Moderator: Mario Santana Quintero (Assistant Professor of Architectural Conservation & Sustainability, Carleton University)

- Rob van Hees (Professor, Building Conservation, Delft University of Technology, Netherlands) – The Monument Damage Diagnostic System.

3:00pm – 3:30pm
Break & Poster Session

3:30pm – 5:00pm
Session 5A: Intensification and Older Neighbourhoods: Getting it Right (Conservation & Development Stream)
Renaissance Room (Mezzanine Level)
Dense urban form is an important part of building sustainable communities. “Intensification” is a concept increasingly enshrined in municipal plans across Canada. From small-scale infill to clearance and tall tower development, what form should intensification take and where should it happen. Join this diverse panel of experts for an engaging session on strategies for getting intensification right.

Moderator: John Moser (General Manager, Planning and Growth Management, City of Ottawa)

- Robert Geldart (Principal Heritage Planner, City of Edmonton) – Balancing Conservation and Development in Edmonton’s Historic Warehouse District and 104th Street.
- Jay Baltz (President, Hintonburg Community Association, Ottawa) – Community Considerations in Intensification and Infill
- James Colizza (Principal, Colizza Bruni Architecture, Ottawa, ON)

Session 5B: Community Revitalization and Diversity (Diversity and Social Equity Stream)
MacDonald Room (Mezzanine Level)
Many revitalization efforts focus on economic outcomes, but the social and cultural impacts are often just as important. This session looks at the catalytic changes brought on by revitalization projects in a gritty inner-city neighbourhood, a northern boom town with a maritime past, and Toronto’s 60s and 70s tower complexes.

Moderator: Cynthia Klaassen (President, Calgary Heritage Initiative, Calgary, AB)

- Judy Allan (Avenue Initiative Coordinator, Great Neighbourhoods, City of Edmonton) – The Transformation of Edmonton’s 118th Avenue
- Michael McClelland (Principal, E.R.A. Architects, Toronto, ON) – Tower Renewal and Retaining Community Diversity
Session 5C: Spark Session  
(Diversity and Social Equity Stream)  
Ballroom (Simultaneous translation provided)  
This “Pecha Kucha” style session consists of short presentations in themed clusters followed by Q&A periods. This session will explore cultural landscapes, community development, and engaging the next generation.  
Moderator: Dinu Bumbaru (Policy Director, Heritage Montreal, Montreal, QC)  
• Natascha Morrison (Historian, Contentworks Inc., Ottawa) – The Alaska Highway Heritage Project.  
• Peter Stewart (Partner, George Robb Architect, Toronto) & Nicholas Bogaert (Senior Planner, MHBC, Kitchener) – Rondeau Provincial Park: A Cultural Heritage Landscape?  
• Louise Bédard (President, Old L’Original Prison Committee, ON) & Mario Larocque (Coordinator, Old L’Original Prison, ON – L’ancienne prison de L’Original, site historique de l’Est ontarien.  
• Adele A. Arbour (Director, Planning & Building Services, City of Thorold, ON) – Downtown Thorold Regeneration/Revitalization.  
• Jill Taylor (Partner, Taylor Hazell Architects, Toronto) – Heritage Themes in Canadian Architect magazine.  
• Laurie Neale (Architect and Heritage Consultant, The Hague, Netherlands) – Engaging New Audiences in Europe  
• Judy Oberlander (Principal, Judy Oberlander and Associates, Vancouver, BC) – Engaging the Next Generation as Stewards.  
• Karen Carter (Executive Director, Heritage Toronto) – Heritage Diversity Project  

Workshop 5D: NMS National Master Guide Specifications -Benefits to Conservation Practitioners - CAHP Session  
Bytown Museum (1 Canal Lane)  
Moderator: James Maddigan (Associate, Robertson Martin Architects Inc., Ottawa, ON)  
Specifications are complementary documents to project drawings required to assure the quality and success of heritage conservation projects. This session will provide an overview of the Federal Government’s National Master Specification (NMS), which includes heritage conservation specifications. The session will be presented in three parts: Part 1 – an introduction to the NMS (Michel Theauvette); Part 2 – the role of the Heritage Conservation Directorate (HCD) as a permanent member of the NMS National Technical Committee (NTC) (Lyse Blanchet); Part 3 – conservation practitioner experience using NMS specifications (James Maddigan).  

6:00pm – 8:30pm  
Awards Ceremony and Reception  
National Gallery of Canada (380 Sussex Dr.)  
Join us for the presentation of Canada’s top heritage awards, including the Prince of Wales Prize for Municipal Heritage Leadership and this year’s inaugural Ecclesiastical Insurance Cornerstone Awards for Building Heritage. Business attire. Additional tickets are available.

A Bird’s-Eye View: Heritage in a Changing Context
Ballroom (Simultaneous translation provided)
This plenary session seeks to step outside the heritage conservation “bubble” and to look at the bigger picture of “caring for things” in a changing Canada. What are the social, economic and political changes underway that will have a profound impact on the preservation of historic places in the future? Join this extraordinary panel of experts as they discuss the interconnections between indoor air quality, unequal voices in civic decision making, and rising competition between Canadian cities.
• Glenn Miller (Vice President, Research and Education, Canadian Urban Institute, Toronto)

Tour 7E: Masonry Conservation of the West Block: Up Close
Get a rare behind-the-scenes look at the ongoing masonry conservation of the West Block on Parliament Hill. View work in progress, the tools employed, and visit the mortar and conservation shacks.
Please note that the tour will depart the Chateau Laurier lobby at 10:05am for the West Block. The site may present challenges to those with mobility issues. Space limited. Pre-registration required. Participants must supply their own steel toe safety boots.
Presented by selected project representatives: Conservation Solutions (CSI), PCL Constructors, RJW-Gem Campbell Stonemasons Inc.

10:30am – 12:00 noon
Session 7A: Aboriginal Cultural Landscapes (Diversity & Social Equity Stream)
CAHP Session
Ballroom (Simultaneous translation provided)
This session explores a diverse set of Aboriginal cultural and environmental landscapes in urban centres and less densely populated places in BC, Ontario, Quebec and Nunavut. The presentations will highlight how the identification and protection of the cultural heritage value of Aboriginal heritage is influenced by administrative, cultural, political and social realities, but remains a distinct way of looking at the relationship between past, present and future.
Moderator: Yvonne Boyer (Saskatoon, SK)
• Karen Aird (Cultural Heritage Consultant, BC)

**Tour 7D: Canal in the City – CAHP Session**

(Leaders: **Peter Fletcher Smith** (Partner, dtah, Toronto, ON) & **David Jeanes** (Heritage Ottawa)

Cutting through the heart of Ottawa, the Rideau Canal is a defining heritage landscape, which has been much altered over the decades as the city evolved from a small lumber town to the Nation’s Capital. That more than a trace of the Canal has survived the forces of development pays tribute to the resiliency of the canal landscapes, and to the determination of those who held a vision of the Capital as a composite expression of statehood, heritage and the natural environment. The existing architectural and landscape features associated with the canal and the adjacent city will be identified on the tour, together with the major forces behind their evolution over time. Insight will also be given into current forces that will, in all likelihood, lead to future changes.

Katerina Cizek
Documentarian
(Toronto, ON)
Katerina will go behind-the-scenes of her on-going Emmy-winning, National Film Board of Canada documentary project HIGHRISE, that explores the human condition of vertical living around the globe. The most common form of the last century, the residential highrise building has become a “heritage” artifact in many Canadian cities, and around the world. Yet, the highrise residential building is most often politically, socially and culturally ignored, and even reviled. This interventionist documentary project seeks to enoble the vernacular highrise, and to re-interpret it as a remarkable storytelling prism of urbanization and humanity. This presentation is highly visual, with clips and illustrations from multiple HIGHRISE documentaries, including the latest, a collaboration with The New York Times.
James Colizza  
Principal  
Colizza Bruni Architecture  
(Ottawa, ON)

RJW Gem Campbell Stonemasons Inc. is the best choice for the restoration of significant stone buildings. We have been “Giving the Past a Future” for well over 25 years and are proud to have worked on many of North America’s finest heritage buildings.

We offer a highly skilled international work force supported by the extensive resources of one of Canada’s largest stonemasonry businesses. We pride ourselves on our innovative, effective and well-managed approaches to the restoration of stone structures. We are the first, and only, firm in Canada capable of laser cleaning heritage structures.

Our stone restoration services include heritage masonry restoration, masonry conservation and cleaning, new stone construction, stonecutting and stone carving. These services are complemented by those of our sister business, Gem Campbell Tile and Terrazzo Inc., which offers expertise in exterior stone veneer, stone manufacturing, and related stone products.
